2 of 2 review helpful nice guidebook By BeckiD I bought this book before my trip to Savannah I thought the booklet was well written and very informative for self guided walking tours of the historic district of the city True it doesn t go into deep detail of everything but its a really nice overview of the different monuments historic locations and buildings

There is far TOO much history there to cover in any one book Freshly updated for 2017 this book is a must have for anyone planning to visit and explore Savannah It is a comprehensive guidebook that contains images and information on over 90 significant points of interest in Savannah's Historic District It also includes 4 carefully designed walking tours that will guide you to the various points of interest Historic photos drawings and maps allow you to step back in time while experiencing Savannah's beauty today The author About the Author Paul C Bland is a fourth generation native Savannahian He is married to his beautiful wife Paula and they have two sons Cameron and Ethan
