1 of 1 review helpful Savannah Cemeteries By Born With A Curious Mind All in all this is a very nice basic reference book for the three major cemeteries in Savannah Georgia Aside from the several proofreading errors which is typical of Schiffer I unfortunately found a few errors in the content as well Lest I begin to seem too picky let me say I did enjoy this book most particularly for the photographs For that reas The best selling novel Midnight in the Garden of Good and Evil has drawn hordes to the city specifically to its best known cemetery Bonaventure Likewise Colonial Park and Laurel Grove are must see cemeteries on tourist itineraries and this book is the perfect souvenir for those who make the pilgrimage See over 220 color photos of the picturesque plots overhung by mature live oaks draped in Spanish Moss See the final resting places of Savannah s important founders About the Author Matthew Propst received his masters degree in Visual Art from Vermont College of Fine Art He lives in downtown Savannah and can be found most mornings walking the streets with his camera and a faithful canine companion
