0 of 0 review helpful Love the local slant By Fiona Mae This book is great because instead of just listing tourist trap hotels and restaurants in Chicago it includes the places where locals actually go I love the section on ethnic eats and the history behind the Chicago hot dog The star rating system is also helpful because it provides a nice baseline for comparison between places I would highly recommend this book to Mobil City Guides is a series of in depth guides on what to see and do while in top US cities Extensive research will point you in the direction of each city s hidden treasures and show you where to stay and dine
