1 of 1 review helpful Same great large format color photos as in the hard bound book By John S Gamache I was worried that the paper back version offered here would be a small book that didn t show the color photos in full detail

The description didn't say either way but I took a chance and the book is great. The condition was exactly as described and this is a fabulous addition to my personal library. Writ THE LOWCOUNTRY FROM CHARLESTON TO SAVANNAH travels through the history, culture and geography of the 100 mile stretch of coast between South Carolina and Georgia.
